This Profit Wise heifer is as good a cow prospect as we had born here this year. Her dam and grand dam are a perfect balance of phenotype and production here in the valley. She has volume with some extra shape. If only the best will do, pick me.

Maternal, easy fleshing with performance. These two heifers are $\frac{3}{4}$ sisters and it shows. This one is the bigger framed, higher performing one of the two. Imagine what this one will look like a year from now as a bred heifer!

A moderate tank of a heifer. I would expect this one to look a lot like her dam and grand dam as a cow. This heifer will be proof why McCoy is one of the best cow makers in the breed. Ask Dr Jeff or Jon Byers what they think of McCoy daughters.
