**WELCOME** to The Bull Sale, presented to you by Paint Valley Farms and Byland Polled Shorthorns. The sale offering before you is the culmination of years of breeding and selection for profitable, maternal traits. To assist you with your selection, we have collected a comprehensive list of data from birth weight to scan data. The scan data will be available ahead of the sale. All the bulls have been tested for any known genetic conditions, have Genomically Enhanced EPD's, and have been parent verified. The bulls will all be semen tested to help us guarantee them through the first breeding season. We do offer free delivery on the bulls to any location in the Continental US and to any port of entry to Canada.

Our families invite you to join us April 4, as we sell 50 Shorthorn and Shorthorn influenced bulls. If we can assist you in any way, from selection to helping you with personal travel plans for the weekend, please do not hesitate to call. We look forward to seeing you at The Bull Sale. If you are unable to attend, please feel free to contact anyone of our competent sales staff. We are anxious to help you in anyway possible.

*Sincerely,*
