**12 NOON / PAINT VALLEY FARMS**

# APRIL 3, 2021 **THE BULL SALE**

WELCOME to the third edition of The Bull Sale. The sale offering before you is the result of the relentless pursuit of making better beef bulls. As you page through this catalog, you will find bulls that offer balanced traits along with calving ease, that excel in maternal traits and offer real world beef performance. To assist you with your selection, we have collected a comprehensive list of data from birth weight to scan data. In addition, the bulls have all been tested for any known genetic conditions; they have been parent verified and have GE-EPD's.

You can find the scan data and sale videos of each lot posted online at [paintvalleyfarms.com](http://paintvalleyfarms.com) ahead of the sale. All the bulls will pass a breeding soundness exam ahead of the sale and sell with a first year breeding guarantee. We do offer free delivery on the bulls to any location in the Continental US and to any port of entry to Canada. We invite you to join us Saturday, April 3, as we sell the deepest and highest quality set of Shorthorn bulls ever offered in The Bull Sale! If we can assist you in any way, from selection to helping you with personal travel plans for the weekend, please do not hesitate to call. If you are unable to attend, please feel free to contact any of us or the sales staff. We are excited about this set and look forward to helping you in any way possible.

*Sincerely,*

*Lee Miller, Dr. Jeff Byers & Jon Byers*

**2021 CATTLEMAN'S CONGRESS, CHAMPION PEN OF 5 BULLS.**

## GENERAL SALE INFORMATION

**TERMS AND CONDITIONS:** Terms of the sale are cash or check and made payable to Aegerter Marketing Services, Inc., immediately following the sale and before cattle are removed from the premises. The animal becomes the property of the purchaser as soon as sold. Any death or injury thereafter falls upon the buyer.

**BILLED ACCOUNTS:** All billed accounts are due within 10 days following the date of the sale. At 10 days, a two percent service charge will be added to the unpaid balance and an additional two percent will be added every 30 days thereafter unless previous arrangements have been made with the seller.

**ABSENTEE BIDDING:** Online bidding is available via CCI.live. Those with unreliable internet should consider calling a representative of the sale far enough in advance prior to sale day. They will be able to assist you at ringside on sale day.

**LIABILITY:** Neither the owners, employees, auctioneer, sale manager nor other affiliated personnel can be responsible for any accidents, but they will make every effort to provide for the safety and comfort of those attending.

**INSURANCE** will be available at the settlement desk upon conclusion of the sale.

**SEMEN INTEREST:** Seller retains a 25% semen interest on all bulls sold.

**BREEDING GUARANTEE:** All the bulls will pass a breeding soundness exam. The bulls are guaranteed to be fertile and reproductively sound. This guarantee does not cover injury or death. In the event of a problem, the buyer will have the option to select a suitable replacement, if available, or take a sale credit at the next sale. Any potential claim must be made by Dec 31 of the year of the purchase.

**GENOMIC ENHANCED EPDS:** Every bull selling has been parent verified and has GE-EPDs. EPDs listed in the catalog are the most current at the time of printing.

**GENETIC CONDITIONS:** All animals selling will be free of any known Genetic Conditions as recognized by the American Shorthorn Association unless stated otherwise. All potential carriers will be tested with updates available on sale day.

**HEALTH:** All the bulls will be accompanied by proper health certificate for shipping and have had a complete vaccination program.

**DELIVERY:** We offer free delivery on the bulls to any location in the Continental US and to any port of entry to Canada. We will contact you after the sale to coordinate delivery. Every effort will be made to have the bulls delivered within 3 weeks after the sale.

*Announcements made from the auction block take precedence over all printed material in this catalog.*

When we bought the US semen interest on Profitwise, this is what I thought we would get. Added performance and power. This one is extra stout, wide and dense made and out of a good proven Adelaide cow from JSF. He ranks in the top of the breed for performance and maternal traits.

Offering 50% semen interest. Byland retains possession of the bull.

This bull has generated a lot of interest on the farm. He is one of those rare bulls that excels in nearly every way. You can start from the ground and work up; big foot, wide based, more than adequate bone, structural integrity, and large testicles. Then move on up and appreciate his depth of body, thickness and fullness of quarter and width of top; his smooth, clean shoulder, clean front, depth of jaw and wide muzzle. Then on to appreciate his very docile disposition. His sire is developing an exciting reputation. This bull's dam is truly one of the best Gauge daughters in the land. Now study his performance data, EPDs, and \$ Indexes.

Big time bull here! Red Dog is as good of a bull as we have raised. Solid in structure and balance. Masculine and wide based. Well-balanced and solid full of muscle smoothly displayed from front to rear. Great Disposition. Moderate Birth EPD. Top 2% of the breed for \$BMI. Top 4% for \$F. Astute cattlemen will have to look far and farther to find a bull that puts this body together with these EPDs and \$ index values. He is very Special.

# AMERICAN SHORTHORN ASSOCIATION SELECTION INDEXES

Selection indexes weight multiple EPDs with an economic value to create a simplified selection tool built to meet the goals of your operation. Whether it's production of superior replacement females, quality feeder cattle, or sleep all night calving ease, selection indexes combine the traits that drive profits to identify the Shorthorn genetics suited to meet your needs.

## THE ASA SELECTION INDEXES

- \$Calving Ease (\$CEZ):** Genetics that you can trust to calve easy while keeping mature cow size in check. You'll sleep soundly and your heifers will thank you for selecting for high \$CEZ sires.
- \$British Maternal (\$BMI):** A balanced, multi-trait index built to identify the ideal seedstock for cross-breeding on British breed cow herds. \$BMI focuses on the traits you want in your cows: easy calving, maternal performance and moderate mature size, while keeping the growth and carcass merit in your steer calves.
- \$Feedlot (\$F):** For the cattleman who sees value in retaining ownership of feeder cattle. Growth, performance, and carcass quality drive \$Feedlot. Cattle bred to grow and grade excel in \$Feedlot.

## INFLUENCE OF EPDS ON ASA SELECTION INDEXES

	<i>\$CEZ</i>	<i>\$BMI</i>	<i>\$F</i>
Calving Ease Direct (CED)	HIGH	MEDIUM	MEDIUM
Weaning Weight (WW)		HIGH	HIGH
Yearling Weight (YW)	MEDIUM	HIGH	HIGH
Milk		MEDIUM	
Calving Ease Maternal (CEM)		MEDIUM	
Carcass Weight (CW)		LOW	
Fat Thickness (FT)		LOW	MEDIUM
Ribeye Area (REA)		LOW	LOW
Marbling (MB)		LOW/MED	MEDIUM
